

CIBSE ASHRAE Group

www.cibseashrae.org

The CIBSE ASHRAE Group was formed in 1995 and represents members who have an interest in the Building Services industry and see the advantage of sharing information and encouraging interaction between CIBSE and ASHRAE. Whilst a Group within CIBSE, membership is additionally open at no cost to members of ASHRAE, and also to interested individuals who may be neither members of CIBSE nor ASHRAE. The group is unique within CIBSE in that it is not associated with a particular sub-discipline of building services and aims to focus primarily on issues with a transatlantic emphasis and inter-institutional activity.

Group Activities – You can get as involved as you like!

The activities of the Group are on a wide technical base, attempting to carry through a broadly transatlantic theme. Traditionally evening meetings have been presented on the second Wednesday of the month at London South Bank University. Topics covered have included both technical areas such as the design of services for healthcare buildings, building simulation, HVAC noise control, facilities management, hot water heating, refrigeration, PV and control as well as comparisons of transatlantic approaches to such areas as sustainable design.

The group is keen for the broadest participation and is particularly keen on 'transatlantic' experience in any aspect of the implementation of solutions in building services engineering. Those members who are involved in the design and realisation of 'international' standards are encouraged to contact the group with a view to providing a forum for feedback on consultation documents.

The group welcomes ASHRAE members to its regular meetings as speakers or observers. Although it is appreciated that many will visit the UK at short notice there is frequently an opportunity of organising a special event around a visiting speaker.

Programme 2009-10

Unless otherwise noted all events are free (please email to book) and take place at London South Bank University, Borough Road, London SE1 0AA (Southwark/Elephant tube)–see www.cibseashrae.org for details

Thursday October 15th 2009, 5.30pm start at IMechE HQ, London
CIBSE ASHRAE Graduate of the Year

Thursday October 15th 2009, 6.40pm (following on from the above event)
Sustaining Our Future by Rebuilding Our Past – ASHRAE President, Gordon Holness

Wednesday November 11th 2009, 5.30pm refreshments for 6pm start
Wind Turbines: Large, Small and Unusual – Geoff Leventhall

Thursday December 3rd 2009, 5.15pm refreshments for 5.45pm start
Building Services for Low Carbon Supermarkets – Andy Campbell

Wednesday January 13th 2010, 5.30pm refreshments for 6pm start
The Great Carbon Debate – William Orchard, Orchard Partners and James Thonger, ARUP

Wednesday February 10th 2010, 4pm
CIBSE ASHRAE Group AGM – Come along and have your say. Get involved. Followed by

Wednesday February 10th 2010, 5.30pm refreshments for 6pm start
How Engineers Can Reduce Building Carbon Emissions in Reality, Not Virtual Reality – Nigel Banks

Thursday March 11th 2010, 5.30pm refreshments for 6pm start (Venue to be confirmed)
Building Operational Management – FM Fact or fiction? – Geoff Prudence

Wednesday May 12th 2009, 5.30pm refreshments for 6pm start
Green buildings or green wash? – Tim Dwyer
